

## Overview of fees for pastus<sup>+</sup> licencees

with right to use the sign as from 1 January 2026

Companies which have concluded a licence contract with AMA-Marketing and thus acquired the right to use the sign pastus<sup>+</sup> must pay annual licence fees.

The annual licence fee refers to the respective calendar year and is calculated according to the calculation below:

$$\begin{array}{r}
 \text{Amount Sales level} \\
 + \text{ Amount per business premises x} \\
 \text{number} \\
 \hline
 = \text{ Annual licence fee} \\
 \hline
 \end{array}$$

Sales level	Total sales in the animal feed sector* (sum of all business premises)	net amount
	< EUR 0.5 m	EUR 267.00
	< EUR 5.0 m	EUR 603.00
	< EUR 20 m	EUR 1,004.00
	≥ EUR 20 m	EUR 1,340.00
Business premises	Business premises in the animal feed sector	Net amount
	Per business premise of companies with an animal feed turnover ≥ EUR 5.0 m	EUR 134.00
	Per subsidiary and per business premises of companies with an animal feed turnover < EUR 5.0 m	EUR 20.00

\* Annual turnover generated with animal feed, whether or not it is marketed under the pastus+ sign.

If the contract is concluded, terminated or cancelled during the year, the licence fee will only be charged for those months of the year in which a valid licence agreement relationship existed.

Example: *valid contract as of 15 July.*      ⇒ *Licence fee is charged for July to December*  
*termination as per 3 January.*      ⇒ *Licence fee for January is credited*
